| Shielded Fire Alarm Cable, 300/500V | | |
|--|---|------------------------------------|
| Conductors: | 2 core * 1.5mm fully annealed solid bare copper Aluminum Polyester Foild Shielded Cable Tinned drain wire | |
| Insulation: | Premium PVC (Polyvinyl Chloride) OD: 2.3MM± 0.01MM | |
| Drain Wire | 0.5±0.01mm Solid Copper | |
| Shielding | Aluminum Foil | |
| Jacket: | OD: 6.5MM±0.01mm, Premium PVC - Red Temperature Range -20°C to +75°C Heat proof, fire retardant | |
| Applications: | Fire Alarms Signal Monitors Signal Detection Systems Audio Control Circuits | |
| Request: | 1 | Rated Voltage: 300/500 V |
| | 2 | UL Listed |
| | 3 | Temperature Rating: -20°C to +75°C |
